Dear Parents & Students,

College Visitation Days are allowed so that junior/senior may better be prepared to select a college or university to attend. The following criteria must be met:

1. A schedule appointment must be made in advance with the admissions officer, department chairperson, or school official requesting the student's visit.
2. A special event at the college or university must be verified with the correspondence/invitation publicizing the event (e.g. open house, etc.)

These days will not be recorded as days of absence by the Dean's Office if the proper procedure as outlined below is followed.

Respectfully,
